Schedule of Revenue Bond Coverage	144
Salaries and Fidelity Bonds of Principal Officials	145
Insurance Coverage	146
Demographic Statistics	147
Miscellaneous Statistical Data	148-150

07.11.1999

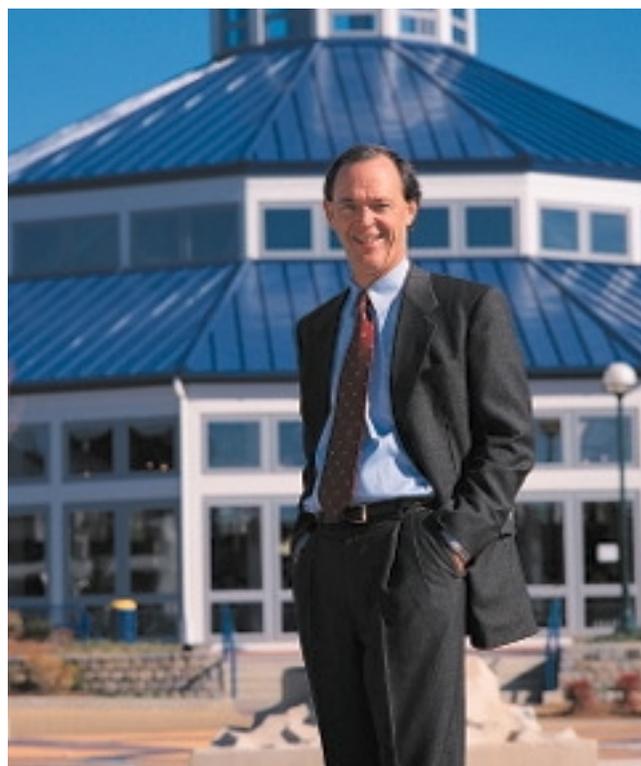

# mayor's letter

to the members of the city council, and the citizens  
of chattanooga, tennessee:

I AM PLEASED TO PRESENT FOR YOUR REVIEW THE COMPREHENSIVE Annual Financial Report for the City of Chattanooga for the year ended June 30, 1999. This report not only provides you with critical financial information about the City but it measures the investments that the citizens of Chattanooga make in their community and its future. Chattanooga continues to experience impressive economic growth. The value of building permits issued so far this year of more than \$300 million is the highest in Chattanooga's history — up nearly 6 percent over the previous record high set a year ago and more than double what it was just a decade ago. After more than six years of solid growth the Chattanooga market remains strong. This economic vitality will continue into the new Millennium with the many new projects underway such as the \$100 million expansion of Signal Mountain Cement, the \$50 million expansion of Seaboard Farms and the \$45 million conference center downtown. These projects will soon be joined by others not yet permitted such as the expansion of the Trade Center, the building of a new design and resource center, and the Electric Power Board headquarters and parking garage. The purchase of over 950 acres of property at the Volunteer Army Ammunition Plant will also attract more industrial development for the City. These projects, along with others have generated 1,264 new jobs for the City this year. The State has granted preliminary approval of the City's Tourist Development Zone that will provide financing through incremental state sales tax dollars for over \$117 million in new initiatives in the south side.

The Chattanooga Lookouts, Chattanooga's AA baseball team, are poised to move into the new \$10+ million BellSouth Stadium overlooking the Tennessee River — a grand vista for sporting events in the future. Engel Stadium, one of the best baseball venues in the South will continue to host amateur sporting events.

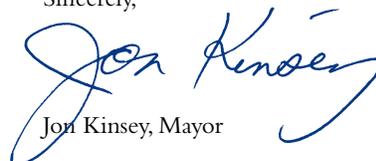

Renovations are underway for the new City council chambers, which will be located in the building, formerly occupied by City Court and the City jail. Built in the late 1930's, the building is being remodeled to provide space for a new assembly room con-

taining 142 theater-type seats compared to the current 50 seat chambers. This will allow room for citizens to attend council meetings without having to stand in the isles and hallways. The first council meeting of the new Millennium will be held in the new chambers.

I am proud of Chattanooga's record. On every front, we have produced astounding results in making ours a strong and vibrant community with a spirit of cooperation by all who live here. The public and private partnerships that we enjoy will continue to provide the foundation on which Chattanooga is becoming known as the best mid-sized city in America.

Sincerely,

  
Jon Kinsey, Mayor

**“Thanks to the cooperation of government and the private sector, we have made great strides in economic development and quality of life for the citizens of Chattanooga and Hamilton County. I believe it is our responsibility as those entrusted to guide Chattanooga into the twenty first century, to give our very best to this task.”**

**– John Lively, Council Chairman**

30.10.1999

# letter of transmittal

to the honorable mayor jon kinsey,  
members of the city council, and  
the citizens of chattanooga, tennessee:

**I**N COMPLIANCE WITH STATE AND LOCAL STATUTES, I AM submitting the Comprehensive Annual Financial Report (CAFR) of the City of Chattanooga for the fiscal year ended June 30, 1999. These ordinances and statutes require that the City of Chattanooga issue annually a report on its financial position and activities, and that an independent firm of certified public accountants audit this report. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with management. To the best of our knowledge and

*James S Boney* FINANCE OFFICER

*Daisy W Madison* DEPUTY FINANCE OFFICER

belief, the enclosed data are accurate in all material respects and are reported in a manner that presents fairly the financial position and results of operations of the various funds, account groups and component units of the City of Chattanooga, Tennessee. All disclosures necessary to enable the reader to gain an understanding

of the City of Chattanooga's financial activities have been included.

The Comprehensive Annual Financial Report is divided into four sections: introductory, financial, single audit, and statistical. The introductory section includes this transmittal letter, a letter from the Mayor, the City's organization chart, and a list of government officials. The financial section includes the general purpose financial statements and the combining and individual fund and account group financial statements and schedules, as well as the independent auditor's report. The single audit section includes information related to the Single Audit Act of 1984 and U.S. Office of Management and Budget Circular A-133, "Audits of States and Local Governments, and Non-Profit Organizations." The statistical section, which is unaudited, includes selected financial and demographic information, generally presented on a multi-year basis.

Blended component units, although legally separate entities are,

in substance, part of the primary government's operations and should be included as part of the primary government. A review of the various potential component units indicated that there are none which should be included as part of the primary government. However, the Electric Power Board, which is not a legally separate entity, is reported as an enterprise fund of the primary government. Discretely presented component units are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position, results of operations and cash flows from those of the primary government. The Metropolitan Airport Authority and the Chattanooga Area Regional Transit Authority are reported as discretely presented component units.

The City provides a full range of municipal services including but not limited to fire and police protection; sanitation services; the construction and maintenance of highways, streets and infrastructure; recreation and cultural activities; public library; community development; planning and zoning; neighborhood services; social services; and general administrative services. It also operates a storm water maintenance program and a sewer and sewage facility system for its residents and for other communities in southeast Tennessee and northwest Georgia.

## **Governmental Structure, Economic Conditions and Major Initiatives**

FOUNDED AS A FERRY LANDING and warehouse site in 1815, the City of Chattanooga was incorporated under State of Tennessee Private Acts of 1839. The City is the county seat of Hamilton County and is located near the southeastern corner of the state on the Tennessee-Georgia border. It encompasses an area of 126.9 square miles and a population of 147,500. The City is centrally located in relation to other major population centers of the southeast, being within a 150-mile radius of Knoxville and Nashville, Tennessee; Birmingham, Alabama; and Atlanta, Georgia. Over 10 million people live within a two- to two-and-a-half-hour drive of Chattanooga. The City is empowered to levy a property tax on both real and personal property located within its boundaries. It also has the power to extend its corporate limits by annexation in accordance with procedures established by state statute.

The area's central location makes it a perfect distribution center for the eastern United States. Supplies and products for industry flow easily to and from the Chattanooga area by way of an extensive network of highway, water, air, and rail transportation systems. Beyond its advantages as a business location, Chattanooga is blessed with beautiful natural surroundings. A gracious life-style results from the community's commitment to preserving its culture and supporting the arts. Chattanooga offers excellence in education and quality health care as well as a virtually unlimited range of recreational activities — all at one of the lowest costs of living in the nation.

Chattanooga is one of the nation's oldest manufacturing cities with 24.6 percent of its employment in that sector. However, there is no single dominating industry. Economic advantages such as ample utilities, an efficient transportation system, abun-

dant natural resources, a trained labor force and centralized location make Chattanooga a diversified and profitable business location. This largely accounts for the City's unprecedented low unemployment rate, which stands at 2.8 percent as of September 1999. This is comparable to the national unemployment rate of 4.2 percent and the state rate of 3.4 percent. Retail sales rose 4.4 percent over 1997. Our economy is experiencing steady growth as indicated by a 40.5 percent increase in the value of commercial construction over 1997 resulting in a healthy real estate market which continues to foster gains by raising property values.

The City has undergone a renaissance that can be surpassed by no other city of its size. This rebirth began in 1982 with the establishment of the Moccasin Bend Task Force which was developed as a result of the City's and County's initiative to determine the best use of 600-plus acres on the Moccasin Bend — a place where the Tennessee River bends back sharply to linger a while in Chattanooga. The scope of the project soon expanded to include a 22-mile Tennessee River corridor. With the guidance of a consulting firm, the Task Force forged the Tennessee River Park Master Plan — a 20-year commitment to use the river as a catalyst for increasing Chattanooga's livability, for improving the area's prospects for attracting new investment, and for initiating new development that included industry, retail, office space, housing, and attractions. A public participation program (Vision 2000) grew out of the Moccasin Bend Task Force that invited the entire community to set new goals for Chattanooga's future. The resulting 40 goals became the community's "Commitment Portfolio." Through cooperative efforts of both the public and private sectors, most of the goals were met by 1992 generating \$793 million of investment in the community and many major projects including the Tennessee Aquarium (the world's largest freshwater aquarium), Tennessee Riverpark, Walnut Street Bridge Renovation, Bessie Smith Hall, and Chattanooga Neighborhood Enterprise. Within eight years about 85 percent of the Vision 2000 goals were accomplished. Chattanooga still had lots of work to do so the community revisited its accomplishments and set new goals. The goals of ReVision 2000 emphasized the environment, education, training, and jobs. While the \$45 million aquarium anchors most of the dynamic area of downtown, signs of renewal are strong in almost every area of the city — expanding even beyond the downtown. The City has become known nationally for its efforts in providing affordable housing for low-income citizens and its electric shuttle system. Largely through the efforts of the Chattanooga Neighborhood Enterprises (CNE), progress is being made to

*(Opposite top)*

The Carousel at Coolidge Park was designed and built in 1985 by Gustav Denzel. It has been restored and fitted with 52 animals carved and painted by local and out-of-town sculptors, all students of Horsin' Around, a year-round carousel animal carving school located in Chattanooga.

*(Opposite bottom)*

Opening day festivities at Coolidge Park, located on the north bank of the Tennessee River between the Walnut Street and Market Street bridges.

bring people back downtown to live. Not only has CNE produced and financed over 600 units of affordable housing in the area for low income citizens but it has began efforts to stimulate the market for unsubsidized housing to demonstrate it can be profitable. Among these projects are the popular Riverset Apartments, the Ashford which lies north of the river and the restoration of the old Loveman's building at Eight and Market streets to be known as 800Town Center housing retail on the ground and 50 residential units above.

The City is well postured to enter into the new millennium. Many new projects are on the horizon that will enhance our economy through better schools, better jobs and a better community in which to live, work, and play. City leaders are not content to rest on its laurels but to keep the momentum for improvement going that has been started by our predecessors. Much attention is being focused on the south side of town for the near future.

The State has granted preliminary approval for a proposed tourism development zone (TDZ), which encompasses the heart of Chattanooga's downtown. The zone is comprised of three districts — the Aquarium/Ross's Landing District, the Central Business District and the Southside Redevelopment District. A convention and conference complex which includes four planned public use facilities is being proposed for the Southside Redevelopment District. The development will be supported by allocations of incremental increases in state and local sales and use tax revenues. The four facilities will contain more than 631,210 square feet and cost in excess of \$117.7 million. Private investments planned or completed since January 1998 total \$50 million. It is anticipated that the projected \$118 million public investment planned for the TDZ will leverage more than \$400 million in private investment by 2006.

The Southside Redevelopment District is an opportunity to create a model community by rebuilding the District's job base and revitalize housing opportunities. In the heart of the TDZ is the convention and conference complex that includes four public use facilities as follows:

**Chattanooga-Hamilton County Convention and Trade Center Expansion** — a 226,000 square feet addition to the successful Convention and Trade Center to enable the community to

*(Opposite top)*

The Tennessee Aquarium, completed in 1993, sparked a conflagration of urban renewal and revitalization that quickly swept through the city's entire downtown district.

*(Opposite bottom)*

More than two million visitors each year to the Tennessee Aquarium are treated to a wondrous insight into the aquatic world of our planet's intricate freshwater river systems.

attract more and larger conventions, meetings and trade shows. The expansion will more than double the size of the current facility, adding new exhibit space, meeting and banquet rooms. Cost: \$50 million.

**Conference and Training Center** — a new 208,210 square feet residential meeting facility designed specifically for the upscale conference center market. The

facility is targeted for small-to medium-sized groups of less than 250 people with 200 guest rooms and 27,000 square feet of fully equipped meeting room space. Cost: \$43.5 million.

**Development Resource Center** — a new facility that will exhibit improved efficiencies that can be achieved by utilizing best building practices in its own design and operation thus serving as a model for better ways to develop a sustainable community. This 85,000 square foot facility will be located one block from the conference and training center. Cost: \$11 million.

**New Parking Facility** — located between the conference and training center and the trade center, the 1,029 space new parking facility is designed to serve the needs of increased traffic in the convention and conference complex and replacement parking. Cost: \$10.8 million.

When construction on each project gets underway, it will constitute a concentrated \$117.7 million building boom unmatched here in decades. Investment in the four-block area bounded by Market, Carter, 11th and 13th streets will exceed the value of the Hamilton Place Mall and the Aquarium combined. These projects are an expression of the City's growing dynamism, optimism and progressive outlook. A city that invests in itself expresses vision and faith that it can make things happen. These projects, along with others, will attract interest in the city and generate economic growth that will spread benefits to the entire region. Mayor Kinsey, along with Tennessee's other urban mayors, played a significant role in the Legislature's creation of the special tax district financing plan integral to the Southside developments. The plan lets Chattanooga and other large Tennessee cities use sales tax growth downtown to finance investments in the designated districts.

Despite the global attention to Chattanooga's downtown and environmental successes, economic growth in Chattanooga trails most of the rest of the South. During the 1990s, Chattanooga has added jobs at only half the pace of the rest of the state. City officials have focused efforts on ways to reverse this trend of slow employment growth. The Chamber of Commerce was given the task to create more jobs when it drew oversight of economic development last year. The Chamber is preparing a new plan for a larger economic recruitment program, which includes expanded business financial support. One of the most recognized people in the country and possibly the world has been tapped to fashion a new job growth plan. He will identify the region's strengths and weaknesses and help devise a 3 to 5 year road map to create more jobs. Chattanooga has already shown signs of stronger economic growth as it continues to attract large industries such as AT&T, DuPont, Komatsu, America International, MG Industries, Wheland Foundries, Century Telephone and others who continue to make major financial investments in this community.

RiverValley, a public/private partnership, is now focusing entirely upon downtown renovation, including riverfront projects and renovation of the Southside. A \$200 million new retail and entertainment plan for downtown has been proposed that is expected to generate up to 1,800 new permanent jobs, \$6 to \$7 million in

*focus on*

# human services department

**E**ACH YEAR, WE FOCUS ATTENTION on the efforts of one department. The **Department of Human Services** has been selected as this year's focus.

The Human Services Department, headed by Bernadine Turner, seeks to improve the quality of life for poor and/or disadvantaged citizens by providing temporary assistance, mobilizing community resources, and encouraging self-help programs that will alleviate poverty conditions in the City. The department consists of four major divisions: Head Start, Social Services, Childcare and Childcare Broker Services. These divisions function collectively to provide an array of services that assist citizens in obtaining and maintaining a level of economic self-sufficiency.

While this department was incorporated as part of City government in 1990, it is celebrating its 34th year of existence as an agency. It began as the Chattanooga-Hamilton County Community Action Program in 1965 after Congress passed the Economic Opportunity Act in 1964. The purpose of the new act was to assist the poor and underprivileged by providing them an opportunity to help themselves and to serve the total community by aiding in developing the totality of its human resources.

The Human Services Department is deeply entrenched in its efforts to meet its mission. Guided by the concepts of Results Oriented Management and Accountability, the department seeks to measure and track its effectiveness by annually evaluating its ability to meet the six national goals established by the Office of Community Services. These goals are as follows:

- Assist low-income citizens so that they may become more self-sufficient
- Improved living conditions for low-income citizens
- Enable low-income citizens to own a stake in their community

Bernadine Turner, *above*,  
Administrator of  
Chattanooga's Human  
Services Department

- Formation of partnerships among supporters and providers of services to low-income citizens
- Increase capacity of agencies to achieve results
- Enable low-income citizens, especially vulnerable populations, to achieve their potential by strengthening family and other support systems

Programs currently operated by the department to improve the quality of life for citizens in the Chattanooga/Hamilton County area include the Low-Income Home Energy Assistance Program (LIHEAP), the Winterization Assistance Program (WAP), the Community Services Block Grant (CSBG) Program, Child Care Broker Services Program, Head Start and a child care center. During the past year the department served over 4,500 families through these programs.

The Social Services Division is the heart and soul of the Human Services Department. This division administers the Community Services Block Grant Program, the Child Care Program and

other federally funded programs. Emergency assistance and self-sufficiency activities were provided to over 2,100 families to assist them in maintaining a stable quality of life. Childcare services were provided to approximately 175 children as part of the Child Care Program. This program concentrates on serving parents who are working or in school. Other programs providing services in this division include the LIHEAP whereby 2,969 households received assistance with their energy bills, the WAP where 256 houses were brought up to the Department of Energy's weather conservation standards, HUD Housing Counseling Program which assisted 176 families in maintaining ownership of their homes, and Family Neighborhood Centers which served as a point of community contact and involvement on more than 5,000 occasions for residents in the Harriet Tubman and McCallie Homes Housing Development. Commodity food was provided to 11,100 households under the Tennessee Energy Food Program. The Summer Lunch Program that served over 103,000 meals during a 10-week period was cited by the State as achieving the highest level of participation, based on the number of eligible children and the number of children reached, of any state program in the State of Tennessee.

The Child Care Broker Services Program, which is an integral part of the Tennessee's Families First Program, provides childcare payments or assistance to approximately 5,680 children representing 3,051 families.

The Head Start Program has been designated by the United States Department of Health and Human Services as a "A National Program of Achievement". This program served 802 children, starting as early as eight weeks old up to age five and their families. While educational development is its major emphasis, the family and community partnerships, the early childhood development and health services activities serve to strengthen the inner core of the family and offer a hand up in the family's journey toward self-sufficiency. The Human Services Department's success is largely attributed to a dedicated effort to involve the targeted population in its activities. To this end, the department recruits and maintains a volunteer cadre that assists the paid staff in many program activities. The department operates on the premise that for Chattanooga to reach its fullest potential, every citizen must be able to meet their fullest potential. With this goal in mind all efforts are about "people helping people help themselves."

The department's operating budget for the current fiscal year is \$10.7M; of which \$9.3M is from federal and state grants. The remaining \$1.4M is a general fund subsidy. The department employs 209 full-time and 76 part-time employees. ■

additional sales taxes and \$1 million in added property taxes. The plan includes \$82 million in retail development and the remainder in office and housing development.

Among the plan's major elements are an urban retail and entertainment center, a 20,000 square-foot public market, a southern heritage exposition and museum, crafts bazaar, southside auction house for antiques and collectible and a heavy dose of residential construction, especially apartments built on what are currently Provident parking lots.

Coolidge Park, (encompassing 10-acres), is the latest addition to the Tennessee Riverpark (a 22-mile public park along the Tennessee River). The park is named in honor of Charles Coolidge, a World War II veteran who five decades ago was awarded the Medal of Honor. Located on Chattanooga's North shore waterfront, the park's 3-row vintage carousel, designed by Gustave Denzel and built in 1895, was restored and fitted with 52 animals carved and painted by local and out of town sculptors. As with many of the projects that are part of Chattanooga's renaissance, Coolidge Park is a shining example of the public and private partnerships that exists here. Three local foundations provided more than 70 percent of the funding or over \$5 million for the park's development. This park joins the many other developments along the Tennessee River such as the Tennessee Aquarium, the Max Finley Stadium/Gordon Davenport Field, the Children's Creative Discovery Museum, the IMAX, and the Bijou Theatre, along with dozens of restaurants and retail shops.

The Chattanooga Lookouts played their final game at the 70-year old Engel Stadium in September. The new \$8-10 million, 6,000-seat facility (BellSouth Stadium) is scheduled to open in March, 2000. The new minor league baseball stadium is being built on Hawk Hill located on the north shore of the river near the aquarium.

Hamilton Place Mall, Tennessee's largest, and now in its twelfth year of operation remains a magnet for millions of people. The 1.4 million-square-foot mall has reeled in tourist and locals with a savvy mix of new and familiar stores, theme restaurants and movie theaters. Thanks to the mall, the area has become a retail hotbed with more than 15 million visitors a year. Sales at Hamilton Place have grown steadily over the past decade and now average 30 percent above the national average for regional malls. That success has quickly spilled across Gunbarrel Road and Interstate 75. The number of businesses and amount of traffic in the mall area has more than doubled over the past decade.

The City has completed an inventory of computer systems and other electronic equipment that may be affected by the Y2K issue. All stages of work necessary to address this issue have been completed. However, because of the unprecedented nature of the Y2K issue, its effects and the success of related remediation efforts will not be fully determinable until the Y2K and thereafter.

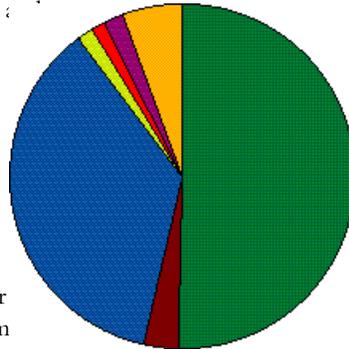

The City's two biggest local revenue sources are sales and property taxes. The local option sales tax rate is 2.25 percent (1.75 percent county-wide and .5 percent city only). The additional revenues generated by the .5 percent city only sales taxes are earmarked for schools and economic development. Following two successive reductions the property tax rate has remained at \$2.31

per \$100 assessed valuation for the past two years. The City Council continues to support major initiatives to meet citizens' demands for services and comply with applicable federal and state mandates. In addition to the operating budget, over \$32.4 million was appropriated for major initiatives. In response to the citizen's desire for improved recreational facilities the City has begun implementation of "RECREATE2008", a 10-year, \$65 million plan to upgrade the City's parks and playgrounds. The capital budget included the largest appropriation (over \$16.2 million) for parks and recreation in the City's history with over \$13 million for the construction of three super recreation centers in the Brainerd, Hixson and South Chattanooga areas. Additional appropriations were made for the purchase of fire apparatus and land for a new fire hall to be located downtown (\$2M), purchase of 100 new police vehicles and other equipment (\$2.9M), paving and street improvements (\$4.2M), Coolidge Park construction (\$1.2M), renovation of council chambers (\$1.6M) and various other miscellaneous projects. The Council and the Mayor continue their commitment to safe schools, police protection, better housing, a safer environment, improved quality of life for all Chattanooga. The yearlong campaign to take over the water company by right of eminent domain ended with the City Council's unanimous approval of a settlement proposal between the City and the Tennessee-American Water Company on October 26. Under the proposal the water company will lower fire hydrant fees for Chattanooga's 4,000 hydrants from \$301.50 per hydrant to \$50 per hydrant or a saving of \$1 m

able. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures, other than interest on long-term debt, are recorded as liabilities when incurred. The accrual basis of accounting is utilized for the Proprietary Funds and Pension Trust Funds. In developing and evaluating the City's accounting system, careful consideration is given to the adequacy of internal accounting controls. Internal

absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition, and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance requires evaluation and judgment by management in order to determine if the cost of control exceeds the benefits likely to be derived. In conjunction with the system of internal control, the City has an office of internal audit which provides support in reviewing and appraising existing accounting

lion, from about \$1.2 million to \$200,000 a year. Any decision to provide water to Atlanta must be approved by the public and the water company. The proposal is subject to the approval of the Tennessee Regulatory Agency.

### Accounting System and Budgetary Control

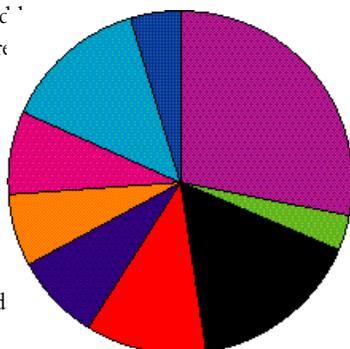

THE CITY'S FINANCIAL RECORDS for General Governmental Funds and Expendable Trust and Agency Funds are maintained on a modified accrual basis of accounting. Under this method of accounting, revenues are recognized when susceptible to accrual, i.e., both measurable and avail-

and management controls and ascertaining compliance with existing plans, policies and procedures. All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. The City administration annually prepares a plan of services for the upcoming fiscal year and the estimated cost of providing these services. This plan is reviewed by the City Council and is formally adopted by the passage of a budget ordinance. Upon adoption of the annual budget ordinance by the Council, it

becomes the formal budget for City operations. After the budget ordinance is adopted, the Council can increase the budget only if actual receipts exceed the estimates or from accumulated surplus in the amount of an unexpended appropriation from the previous fiscal year. Budget control is maintained by recording encumbrances as purchase orders are written. Financial reports, which compare actual performance with the budget, are prepared monthly and presented to the Council, allowing the Council to review the financial status and measure the effectiveness of the budgetary controls. Open encumbrances are reported as reservations of fund balance at June 30, 1999. All unencumbered and unexpended appropriations lapse at year-end.

revenue. Investment earnings increased by \$172,477 or 5.61% due to higher interest rates and larger amounts of cash available from unspent city-only sales taxes. Fines, forfeitures and penalties and charges for services increased by 18.66% and 11.67% respectively. Fines were up by \$337,122 largely due to increased number of tickets issued for traffic violations. Charges for services increased by \$275,680 due to court cost associated with increased traffic tickets (\$90,873) and an increase in the number and amount of fees being paid for recreational activities such as golf and other special recreation events (\$180,000). Changes in levels of expenditures for major actions of the City over the preceding year are

EXPENDITURES	1998 AMOUNT*	1999 AMOUNT*	PERCENT % OF TOTAL	INCREASE (DECREASE) FROM 1998 AMOUNT*	PERCENT

Table 2

### General Government Functions

TABLE 1 (PAGE X) PRESENTS A summary of General Fund, Special Revenue Funds, Capital Projects Funds, and Debt Service Fund revenues for the fiscal year ended June 30, 1999, and the amount and percentage of increases or decreases in relation to the prior year. Revenues in 1999 for all Governmental Fund types totaled \$172,407,338 in 1999, an increase of 5.55 percent over 1998. The largest dollar-value increase in revenues is in the miscellaneous category. This \$3,243,641 or 50.54 percent increase is primarily due to the inclusion of \$3,557,273 in donations from private foundations for the construction of Coolidge Park. The \$2,860,945 or 4.82% increase in intergovernmental revenues is mostly due to a \$1,601,260 or 5.3% increase in state income tax and state and county-wide sales taxes along with a \$533,506 Tennessee Emergency Management Agency (TEMA) grant that was not included in the prior year's

presented in Table 2 (above). An analysis of expenditures shows an increase of 3.17 percent over the previous year. This increase is primarily due to a 10.82 percent or \$1,059,297 increase in Parks & Recreation and a \$1,945,276 or 4.43 percent increase in general government. The increase in Parks & Recreation is due to enhancements resulting from implementation of the RECREAE2008 plan. General government expenditures increased primarily due to increased level of efforts in the human services department (\$605,514), economic development (\$402,838), law enforcement planning programs (\$360,972), and a \$163,249 increase in library expenditures. The 6.75 percent or \$791,996 increases in General Services is mainly due to an increase in employee health care costs. All other increases can be largely attributed to the implementation of a new pay plan whereby all city employees received an average of 6 percent increase in pay. The overall increase in expenditures was offset by a reduction in expenditures for the Fire and Debt Service. The \$361,992 (1.95 percent) reduction in Fire Department expenditures is due to a reduction in the required pension contribution rate from 20 percent to 12 percent effective July 1, 1998. Debt service reduction of \$697,304 (8.54 percent) is due principal retirement of debt. Fund balances reflect the accumulated excess of revenues and other financing sources over expenditures and other uses of general governmental functions. Of the total general fund balance at

June 30, 1999, \$7,094,559 is designated for subsequent year's expenditure. The undesignated portion of the General Fund balance is necessary for the City to operate on a responsible financial basis. The current year's budget included a \$6.2 million appropriation from fund balance for one-time capital expenditures. Income from operations exceeded expectations by more than \$3,151,000 resulting in a reduction in general fund balance of only \$3,463,073 or 7.7 percent. A ten-year analysis of the growth in fund balance is shown in Table 3 (below).

**Debt Administration**

THE CITY IS AUTHORIZED to issue general obligation bonds for capital projects. The City Council may authorize the issuance of tax-supported bonds by a simple majority vote, with notification of the action published in local newspapers. Unless 10 percent of the qualified voters protest the issuance by petition within 10 days of notification, the bonds may be issued as proposed. Both principal and interest on general obligation bonds are payable from ad valorem taxes which may be levied by the City Council subject to a legal debt limit of 10 percent of assessed valuation of property. The City Council is also authorized to issue revenue bonds to finance capital improvements for its various enterprise activities. The City entered into a Loan Agreement with the Tennessee Municipal Bond Fund on February 10, 1997 whereby a line of

credit was established for up to \$7,908,000 for various general government capital projects. At June 30, 1999, the City had drawn down funds totaling \$4,694,640. During the past year, the City also entered into a loan agreement with the Georgia Environmental Facilities Authority for a line of credit not to exceed \$6,976,000 for the purpose of expanding sewers in northwest Georgia. As of June 30, 1999, the City had drawn down funds totaling \$4,246,079.

DEBT RATIOS	AMOUNT (1000s)	DEBT TO ASSESSED RATIO	DEBT PER CAPITA
Net direct debt <i>(excluding self-supporting debt)</i>	\$44,852	1.72%	\$304
Estimated overlapping debt	98,505	3.78%	666
Net direct and estimated overlapping debt	\$143,357	5.50%	\$972

Table 4

At year-end, the primary government and its component units had a number of debt issues outstanding. These issues included \$237,505,962 in general obligation debt, of which revenues from the City's Enterprise Funds support \$190,087,672. The primary government has no revenue bonds outstanding at year-end. Total revenue bonds outstanding for the Metropolitan Airport Authority at June 30, 1999, is \$12,372,364.

The City's bond rating was upgraded to an "AA" by Standard & Poor's in 1998. Increasing diversity in the economy, a stable tax base and sound financial performance are reasons cited for the upgrade. The City has maintained an "AA" rating by Fitch Investors Service.

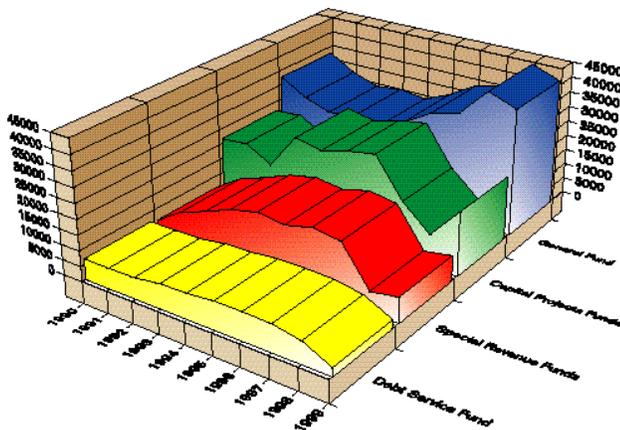

The ratio of net indebtedness to assessed valuation and the amount of bonded debt per capita are useful indicators of the City's debt position to management, citizens, and investors. Table 4 (above) provides this information as of June 30, 1999.

**Cash Management**

THE CITY STRIVES TO KEEP ABREAST of current trends and procedures for cash management and forecasting so as to ensure efficient and profitable use of the City's cash resources. State statutes, however, restrict the City's ability to incorporate as policy many investment methods. Cash temporarily idle during the year is invested in commercial banks and savings and loan certificates of deposit as well as various instruments guaranteed by the United States Government. These instruments have terms ranging from one week to one year. Cash idle for a longer period of time is invested in longer-term government securities.

**Risk Management**

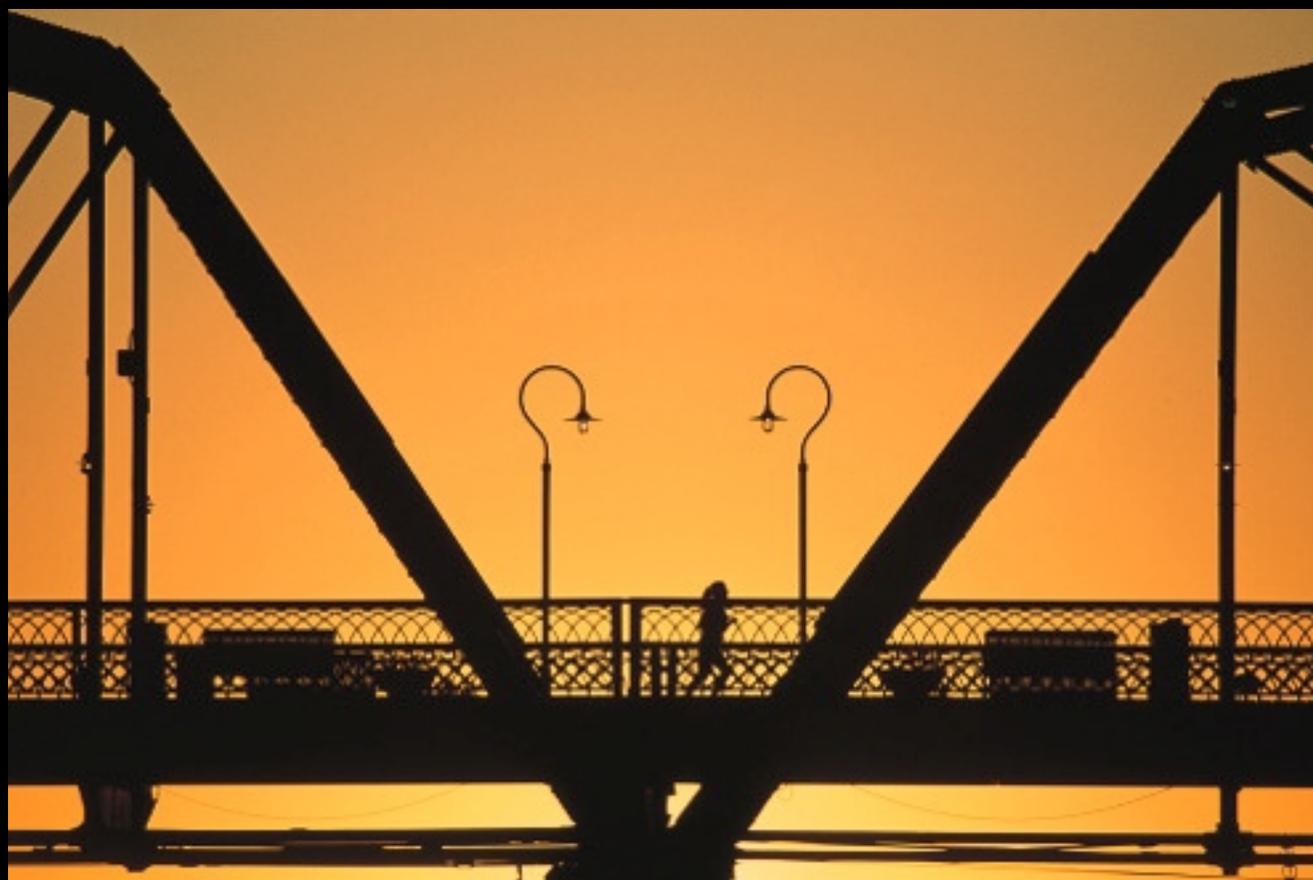

THE CITY MANAGES EXPOSURE to risk of loss through several methods. Such methods include contracts with commercial carriers for property insurance, surety bond coverage of officials and employees, and commercial liability coverage for specified situations. The City assumes the risk of loss for gen-

	GENERAL FUND	CAPITAL PROJECTS FUNDS	SPECIAL REVENUE FUNDS	DEBT SERVICE FUND
1990	\$32,566	\$21,626	\$6,002	\$6,704
1991	27,526	22,378	11,484	6,697
1992	24,603	17,509	14,509	6,834
1993	25,589	29,204	17,931	8,063
1994	24,349	27,373	19,779	8,269
1995	28,193	29,744	18,561	9,129
1996	33,470	31,212	20,677	9,128
1997	35,599	18,536	19,242	8,803
1998	44,884	10,528	6,622	7,126
1999	41,421	20,708	8,126	2,567

Table 3

\*Dollar amounts expressed in 1,000s

eral liability not covered by commercial carriers. To minimize its losses, the City has implemented various risk control techniques such as safety inspections and safety training classes. As part of the City's risk management program, resources are being accumulated in an Internal Service Fund to meet potential losses relating to general liabilities and tort claims. Reserves are accumulated in the General Fund to meet potential losses for all other exposures.

**Retirement Plans** THE CITY PROVIDES RETIREMENT benefits through three single-employer defined benefit pension plans that cover all employees. Each of these systems is maintained separately: one system (General Pension Plan) covers general City employees; a second plan covers employees of the Electric Power Board; and the third covers Firemen and Policemen. Each plan also has its own consulting actuary. Table 5 (below) shows the amount of unfunded actuarial accrued liability (UAAL) in thousands at June 30, 1999.

**PENSION PLANS**

	UAAL	Funded Ratio
General	(\$19,675,485)	117.90%
Firemen and Policemen	(2,225,200)	101.33
Electric Power Board	(5,355,000)	113.94

Table 5 \*Dollar amounts expressed in 1,000s

City management and the Pension Boards closely observe the future costs of both benefit improvements and changes in retirement trends of employees. Recommendations of actuaries are carefully considered and appropriate measures are taken to ensure that the pension plans are actuarially sound.

**Enterprise Operations** THE CITY MAINTAINS FOUR ENTERPRISE OPERATIONS as part of the primary government. Combined total assets at June 30, 1999, and operating revenues for the fiscal year were \$722.1 million and \$378.6 million, respectively. A brief discussion of the major operations follows:

The Electric Power Board, a separate administrative agency of the government, exercises exclusive control and management of the Electric Distribution System. It is the sole distributor of the electric power within the boundaries of the City and County (587 square miles). It accounts for 88.4 percent of total Enter-

prise Fund operating revenues and reported a net income of \$11.1 million for the year ended June 30, 1999. The Interceptor Sewer System of the City provides water and sewer services to customers on a self-supporting basis utilizing a rate structure designed to produce revenues sufficient to provide for debt service, operating expenses and adequate working capital. The strong commercial, industrial and residential growth in the City, along with increased federal mandates, has necessitated ongoing expansion of the Interceptor Sewer System. To illustrate, property, plant and equipment of the system in 1976 totaled \$68.8 million compared to \$273.6 million in 1999. The department accounts for more than 49.4 percent of total Enterprise Fund assets and reported a net income of \$9.5 million for the year ended June 30, 1999.

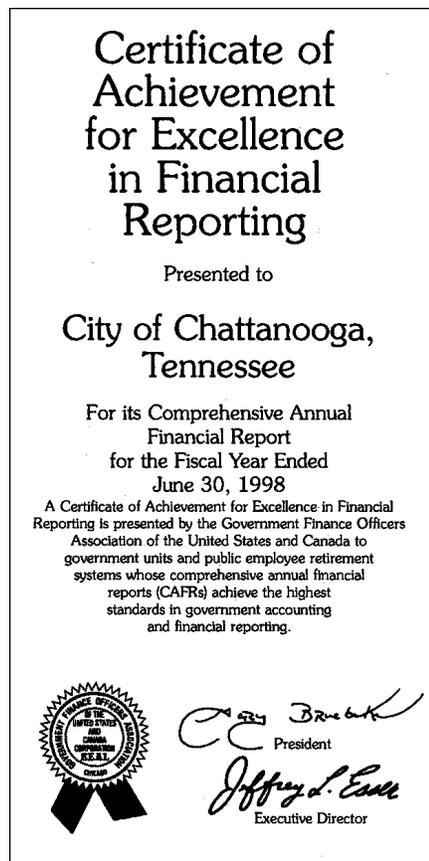

The Solid Waste/Sanitation Fund was established in accordance with state mandate. This fund accounts for the operations of the City's landfill. Landfill fees are charged commercial customers for use of the landfill, while the cost of City landfill needs are financed through a General Fund subsidy. An aggressive capital program has been launched to meet landfill requirements set by the state and federal governments. This program is estimated to cost \$38.5 million over a ten-year period.

The Storm Water Fund accounts for the operations of the City's storm water management program as mandated by the Environmental Protection Agency and the state. The program is designed to produce revenues sufficient to provide for debt service, operating expenses and adequate working capital.

### Awards of Achievement

THE GOVERNMENT FINANCE OFFICERS ASSOCIATION of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Chattanooga, Tennessee, for its comprehensive annual financial report for the fiscal year ended June 30, 1998. This was the seventh consecutive year that the City has received this award. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is only valid for a one-year period. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA to determine its eligibility for another certificate. The City also received the GFOA Award for Distinguished Budget Presentation for its annual appropriated budget for the fiscal year beginning July 1, 1997. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories including policy documentation, financial planning and organization.

### Independent Audit

TENNESSEE STATE law requires an annual audit of the financial records and transactions of all City functions by independent certified public accountants selected with the approval of the Mayor and City Council. This requirement has been complied with and the financial statements have received an "unqualified

opinion" from the auditors. Such an opinion indicates there was no limitation on the scope of the auditor's examination, and the financial statements were prepared in accordance with generally accepted accounting principles.

### Acknowledgements

THE PREPARATION OF THIS report could not have been accomplished without the professional, efficient, and dedicated services of the entire staff of the Finance Department and the City's independent public accountants, Hazlett, Lewis & Bieter, PLLC. We would like to express our appreciation to members of various City departments who assisted and contributed to the preparation of this report. Further appreciation is extended to the Mayor and the City Council for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Report of Independent Certified Public Accountants  
on Financial Statements, Financial Schedules, and  
Schedule of Expenditures of Federal and State Awards

To the Honorable Mayor and  
Members of the City Council  
City of Chattanooga, Tennessee

We have audited the accompanying general-purpose financial statements of the City of Chattanooga, Tennessee, and the combining and individual fund and account group financial statements of the City as of and for the year ended June 30, 1999, as listed in the table of contents. These financial statements are the responsibility of the City of Chattanooga, Tennessee's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Electric Power Board of Chattanooga, the Chattanooga Metropolitan Airport Authority, and the Chattanooga Area Regional Transit Authority. Such financial statements reflect total assets of \$360,306,206 as of June 30, 1999, and total revenues of \$347,989,232 for the year then ended. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion on the general-purpose financial statements, insofar as it relates to the amounts included for the Electric Power Board of Chattanooga, the Chattanooga Metropolitan Airport Authority, and the Chattanooga Area Regional Transit Authority, is based solely on the reports of the other auditors.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinion.

The Year 2000 supplementary information on page 47 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and do not express an opinion on it. In addition, we do not provide assurance that the City of Chattanooga is or will become Year 2000 compliant, that the City of Chattanooga's Year 2000 remediation efforts will be successful in whole or in part, or that parties with which the City of Chattanooga does business are or will become Year 2000 compliant.

In our opinion, based on our audit and the reports of the other auditors, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the City of Chattanooga, Tennessee, as of June 30, 1999, and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund and account group financial statements referred to above (other than the Electric Power Board of Chattanooga, the Chattanooga Metropolitan Airport Authority, and the Chattanooga Area Regional Transit Authority, whose financial statements were audited by other auditors whose reports expressed unqualified opinions) present fairly, in all material respects, the financial position of each of the individual funds and account groups of the City of Chattanooga, Tennessee, as of June 30, 1999, and the results of operations of such funds and cash flows of individual proprietary funds for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated September 28, 1999, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Our audit was performed for the purpose of forming an opinion on the general-purpose financial statements of the City of Chattanooga, Tennessee, taken as a whole and on the combining and individual fund and account group financial statements. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the general-purpose financial statements. In addition, the budgetary information included in the accompanying financial statements and the accompanying financial information listed as financial schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements of the City of Chattanooga, Tennessee. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose, combining and individual fund and account group financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements of each of the respective individual funds and account groups taken as a whole.

The statistical data, listed in the table of contents, was not audited by us and, accordingly, we do not express an opinion thereon.

Chattanooga, Tennessee

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

---

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Chattanooga, Tennessee (the City) was incorporated under the Private Acts of 1869. Through June 11, 1990, the City operated under the Commission form of government, consisting of an elected Mayor and four elected Commissioners, each of whom served as the head of a city department. Pursuant to an Agreed Order dated January 18, 1990, issued by the United States District Court for the Eastern District of Tennessee, Southern Division, the Board of Commissioners of the City and the offices of Mayor and Commissioner were abolished as of June 11, 1990.

The Agreed Order provided that the City Charter be amended to create the office of Mayor, with all executive and administrative authority formerly vested in the Board of Commissioners. Further, the City Council was created with all legislative and quasi-judicial authority formerly vested in the Board of Commissioners. Under the provisions of the Agreed Order, the Mayor is elected at-large and is not a member of the City Council, while the City Council is composed of nine members, with each member elected from one of nine districts within the geographic boundaries of the City.

The accounting policies of the City conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the more significant policies:

(A) Financial Reporting Entity

As required by generally accepted accounting principles, the accompanying financial statements present the City of Chattanooga (the primary government) and its component units, entities for which the government is considered to be financially accountable. The primary government includes separately administered organizations that are not legally separate from the City, as discussed below. The component units discussed below are included in the City's financial reporting entity because of the significance of their operational or financial relationships with the City. Blended component units, although legally separate entities, are in substance part of the government's operations and data from these units are combined with data of the primary government. The City has no blended component units at June 30, 1999. Discretely presented component units are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the City. Each discretely presented component unit has a June 30 year-end.

The financial statements of the Electric Power Board of Chattanooga are included in the accompanying financial statements as part of the primary government because it is not legally separate from the City. The City affirms all board member appointments and approves all disbursements of Electric Power Board funds. The Electric Power Board's operations are reported as an enterprise fund.

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

---

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(A) Financial Reporting Entity (continued)

The following organizations are discretely presented component units for which condensed financial statements are presented in Note 11:

Chattanooga Metropolitan Airport Authority - The City appoints all board members and is secondarily responsible for retirement of the revenue bonds recorded as a liability of the Airport Authority. The Airport Authority is presented as a proprietary fund type.

Chattanooga Area Regional Transit Authority (CARTA) - The City appoints six members of the eleven-member board. Although CARTA has the authority to issue its own debt, the board members serve at the City's discretion and the City finances the majority of CARTA's operating deficits. CARTA is presented as a proprietary fund type.

Greater Chattanooga Construction Industry Corporation - The City appoints all 23 members of the board. All board members serve at the City's discretion. The Construction Industry Corporation is presented as a proprietary fund type. The Construction Industry Corporation ceased operations in 1999.

Complete financial statements of the component units can be obtained from:

Chattanooga Metropolitan  
Airport Authority  
P.O. Box 22444  
Chattanooga, TN 37422

CARTA  
1617 Wilcox Boulevard  
Chattanooga, TN 37406

Greater Chattanooga Construction  
Industry Corporation  
100 East 11<sup>th</sup> Street, Suite 427  
Chattanooga, TN 37405

City officials are also responsible for appointing the members of the boards of other related organizations, but the City's accountability for these organizations does not extend beyond making the appointments. The Mayor or the City Council appoint the Board members of Southeastern Tennessee Private Industry Council, Inc., Chattanooga Housing Authority, The Industrial Development Board of the City of Chattanooga, and The Health and Educational Facilities Board of the City of Chattanooga. During 1999 the City appropriated no funds to these organizations.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(B) Fund Accounting

The accounts of the City are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. The various funds are grouped by type and broad categories in the financial statements as follows:

GOVERNMENTAL FUNDS

Governmental Funds are those through which most governmental functions of the City are financed. The measurement focus is on determination of financial position and changes in financial position rather than on net income determination. The following are the City's governmental fund types:

General Fund - The General Fund is the general operating fund of the City. The General Fund is used to account for all revenues and expenditures applicable to the general operations of city government which are not properly accounted for in another fund. All general operating revenues which are not restricted or designated as to their use by outside sources are recorded in the General Fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for the payment of interest, principal, and related costs of general long-term debt.

Capital Projects Funds - Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

PROPRIETARY FUNDS

Proprietary Funds are used to account for the City's ongoing organizations and activities which are similar to those often found in private business enterprises. In accordance with generally accepted accounting principles, the City's Proprietary Funds apply all applicable Financial Accounting Standards Board pronouncements issued on or before November 30, 1989, and all applicable Governmental Accounting Standards Board pronouncements. The measurement focus is upon determination of net income, financial position, and changes in financial position. The following are the City's proprietary fund types:

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

---

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(B) Fund Accounting (continued)

Enterprise Funds - The Enterprise Funds account for operations that are financed and operated in a manner similar to a business enterprise. The funds are intended to be self-supporting through user charges to cover the cost of providing the service to the City at large.

Internal Service Funds - Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. The following are the City's fiduciary fund types:

Trust Funds - Trust Funds include Expendable Trust and Pension Trust Funds. The Expendable Trust and Pension Trust Funds are used to account for assets held by the City as trustee. The Expendable Trust Funds are accounted for in the same manner as governmental funds while the Pension Trust Funds are accounted for in the same manner as proprietary funds.

ACCOUNT GROUPS

Account groups are used to establish accounting control and accountability for the City's general fixed assets and general long-term debt for governmental fund types. These are not "funds." They are concerned only with the measurement of financial position and not with results of operations. The following are the City's account groups:

General Fixed Assets Account Group - This account group is established to account for all fixed assets of the City, other than those accounted for in the proprietary funds.

General Long-Term Debt Account Group - This account group is established to account for all long-term debt and earned leave benefits of the City, except for the debt that is accounted for in the proprietary funds.

(C) Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. All governmental, expendable trust and agency funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Revenues are considered "measurable" when received in cash, except for certain revenues which are accrued when they are both measurable and available or have not been received at the normal time of receipt.

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

---

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(C) Basis of Accounting (continued)

Certain grant revenues are accrued when funds are expended. Revenues susceptible to accrual are state and federal grants, delinquent property taxes, interest on investments, and other miscellaneous revenues which are both measurable and available to finance expenditures of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. The exception to the general rule is principal and interest on general long-term debt which is recognized when due.

The Enterprise Funds, Internal Service Funds, and Pension Trust Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when earned, and expenses are recognized when incurred.

(D) Budgetary Data

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

The City Finance Officer annually obtains information from all officers, departments, boards, commissions, and other agencies of City Government for which appropriations are made and/or revenues are collected and compiles the annual operating budget for the ensuing fiscal year beginning July 1. The compiled information, including various expenditure options and the means of financing them, is submitted to the Mayor.

During May and June, the City Council hears budget requests from agencies and departments at its regularly scheduled meetings. In addition, advertised public hearings are held to allow taxpayers' comments prior to final passage.

Prior to July, the City adopts an interim budget appropriating funds for the usual and ordinary expenses of the City Government in an amount not to exceed one-twelfth of the preceding year's operating budget for each month that the interim budget is in effect. Subsequently, the budget is legally enacted through passage of an ordinance with an operative date of July 1.

Formal budgets are adopted for the General Fund, Special Revenue Funds, and the Debt Service Fund. These formal budgets are adopted on a departmental basis and the line item estimates are from the appropriations ledger and not from a formal budget ordinance. The legal level of budgetary control is the fund level. Transfers of appropriations between funds require the approval of the City Council. The City Finance Officer may make interdepartmental and intradepartmental transfers within the General Fund.

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(D) Budgetary Data (continued)

Major capital facilities and improvements, which are accounted for by the City within the Capital Projects Funds, are subject to budgetary control on a project basis. Appropriations for a specific project do not lapse until completion of the project. Because of the project nature of these funds, budgetary comparison statements on an annual basis do not provide meaningful information and, accordingly, are not presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual.

The budgets are prepared on a basis consistent with generally accepted accounting principles except that (a) encumbrances are treated as budget expenditures in the year of the commitment to purchase and (b) budgeted revenues and expenditures in the General Fund include employee benefits related to other funds. For the fiscal year ended June 30, 1999, employee benefits of \$3,777,431 related to other funds are presented as budgetary basis revenues and expenditures of the General Fund. This amount is not included in GAAP basis revenues and expenditures. Budgetary comparisons presented in the report are on this budgetary basis. All unencumbered and unexpended appropriations lapse at the end of the fiscal year.

Expenditures may not legally exceed appropriations at or above the fund level. Amounts shown in the financial statements represent the original budgeted amounts and all supplemental appropriations. During the year ended June 30, 1999, the City Council authorized supplemental appropriations as follows:

	<u>Original Appropriation Budget</u>	<u>Increase/ (Decrease) in Appropriations</u>	<u>Amended Appropriations Budget</u>
General Fund	\$147,084,644	\$18,314,816	\$165,399,460
Special Revenue Funds	20,613,257	1,021,804	21,635,061
Debt Service Fund	7,749,849	-	7,749,849

(E) Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is utilized in the governmental funds. Open encumbrances are reported as reservations of fund balances because the commitments will be honored through subsequent years' budget appropriations. Encumbrances do not constitute expenditures or liabilities.

(F) Cash and Cash Equivalents

For purposes of reporting cash flows, cash and cash equivalents include cash on hand, amounts due from banks, interest-bearing deposits at various financial institutions, and highly liquid investments with an original maturity of three months or less.

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

---

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(G) Investments

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools," the City's investments are stated at fair value, except for interest-earning investment contracts that have a remaining maturity of one year or less at the time of purchase. Any change in the value of investments recorded at fair value is included in investment income. Fair value is based on quoted market prices.

(H) Interfund Transactions

During the course of normal operations, the City has numerous transactions between funds to provide services, construct assets and service debt. These transactions are generally reflected as operating transfers except for transactions reimbursing a fund for expenditures made by it for the benefit of another fund. Such transactions are recorded as expenditures in the disbursing fund and as a reduction of expenditures in the receiving fund. Transactions that would be treated as revenues or expenditures if the involved organizations were external to the City are treated as revenues in the receiving fund and expenditures in the disbursing fund. Dispositions of the remaining fund balance in discontinued funds are accounted for as residual equity transfers.

(I) Inventory

Inventories, principally materials, supplies, and replacement parts, are valued at cost in Governmental Funds and at the lower of cost or market in Proprietary Funds, with cost determined using the first-in, first-out (FIFO) method. The costs are recorded as expenditures at the time individual inventory items are consumed (consumption method).

(J) General Fixed Assets

General Fixed Assets have been acquired for general governmental purposes. Assets purchased are recorded as expenditures in the Governmental Funds and capitalized at cost in the General Fixed Assets Account Group. Contributed fixed assets are recorded at estimated fair market value at the time received. Depreciation is not recorded on general fixed assets. Public domain general fixed assets (infrastructure) consisting of certain improvements other than buildings, including roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, and lighting systems, are not capitalized.

(K) Fixed Assets of Proprietary Funds

Property, plant and equipment purchased by the Proprietary Funds are stated at cost or estimated cost. Maintenance and repairs, including the cost of minor items of property, are expensed as incurred. Interest costs, net of any investment earnings, during construction are capitalized. Upon disposal of such assets, the accounts are relieved of the related costs

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

---

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(K) Fixed Assets of Proprietary Funds (continued)

and accumulated depreciation, and resulting gains or losses are reflected in income. Depreciation is computed on the straight-line method over the estimated useful lives of the related assets. The estimated useful lives are as follows:

Buildings	28½- 60 Years
Vehicles and machinery	5 - 28 Years
Improvements	5 - 30 Years
Sewer and storm water systems	50 Years

(L) General Long-Term Debt

General Obligation Bonds, Revenue Bonds, and other long-term liabilities directly related to and intended to be paid from Proprietary Funds are included in the accounts of such funds. All other long-term indebtedness of the City is accounted for in the General Long-Term Debt Account Group and is intended to be paid through the Debt Service Fund.

(M) Compensated Absences

City employees accrue personal leave, or compensated absences, by prescribed formula based on length of service. The value of accumulated benefits earned by employees, which may be used in subsequent years or paid upon termination or retirement, is recorded in the General Long-Term Debt Account Group. Compensated absences related to the proprietary funds are recorded within those funds in the period earned. The City limits personal leave to one hundred fifty (150) days for employees hired on or before March 27, 1990, and one hundred (100) days for employees hired thereafter.

(N) Comparative Data

Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. However, comparative data has not been presented in all statements because its inclusion would make certain statements unduly complex and difficult to understand. Certain comparative amounts shown for 1998 have been reclassified in the accompanying financial statements to conform with 1999 presentations.

(O) Property Taxes

Property taxes are levied by the City annually based upon assessed valuations established by the Hamilton County Assessor of Property. The various types of property are assessed at a percentage of market value as follows:

Farm and residential real property	25%
Commercial and industrial property:	
Real	40%
Personal	30%
Public utilities real and personal property	55%

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

---

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(O) Property Taxes (continued)

The property tax levy is without legal limit. The rate, as permitted by Tennessee State Law and City Charter, is set annually by the City Council and collected by the City Treasurer. Property taxes are secured by a statutory lien effective as of the original levy date of January 1. Taxes are due October 1 and become delinquent March 1. Property taxes levied for 1998 are recorded as receivables, net of estimated uncollectibles.

The receivables collected during the current fiscal year and those collected by August 29, 1999, related to tax levies for fiscal year 1999, are recorded as revenue in accordance with the principles established by the Governmental Accounting Standards Board. The net receivables estimated to be collectible subsequent to August 29, 1999, are recorded as deferred revenues at June 30, 1999.

(P) Deficit Fund Equity

The Solid Waste/Sanitation Fund has a deficit in retained earnings of \$10,772,279 at June 30, 1999. This deficit resulted from the recognition of cumulative landfill closure and postclosure care costs from prior years. These costs may be covered by charges to future landfill users, taxpayers, or both.

The Liability Insurance Fund has a deficit in retained earnings of \$402,013 at June 30, 1999. This deficit resulted from the recognition of unfunded tort liabilities as described in Note 16. This deficit will be funded by premiums to other funds.

(Q) Total Columns on Combined Statements

Total columns on the Combined Statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns does not present financial position, results of operations, or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2. CASH AND INVESTMENTS

State statutes require that all deposits with financial institutions must be collateralized by securities whose market value is equal to 105 percent of the value of the deposits, less so much of such amount as is insured by federal deposit insurance or the Tennessee Bank Collateral Pool. The collateral must be held by the City or its agent in the City's name, or by the Federal Reserve in the City's name.

Statutes also authorize the City to invest in bonds, notes or treasury bills of the United States or any of its agencies, certificates of deposit at Tennessee state chartered banks and savings and loan associations and federally chartered banks and savings and loan associations, repurchase

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

NOTE 2. CASH AND INVESTMENTS (continued)

agreements utilizing obligations of the United States or its agencies as the underlying securities, state pooled investment fund, and money market mutual funds. Statutes also require that securities underlying repurchase agreements must have a market value at least equal to the amount of funds invested in the repurchase transaction.

The City uses a central cash and investment pool for certain Governmental Funds and Proprietary Funds. The cash and investment pool balances are classified as cash and cash equivalents in the accompanying financial statements. The City's investment policy with respect to the cash and investment pool is to maximize investment earnings while maintaining an acceptable level of risk. Because investments in the pool must provide for the future needs of the City, flexibility and liquidity of investments are generally maintained at all times.

Cash

At June 30, 1999, the carrying amount of cash and cash equivalent deposits of the primary government was \$154,809,101 and the bank balance was \$157,520,869. The bank balance is categorized below as to credit risk. Category 1 includes deposits either covered by federal depository insurance or the Tennessee Bank Collateral Pool, by collateral held by the City's agent in the City's name or by the Federal Reserve Banks acting as third party agents. Category 2 includes deposits covered by collateral held by the pledging bank's agent in the City's name. Category 3 includes deposits either uninsured, uncollateralized or covered by collateral held by the pledging bank or its agent, but not in the City's name.

	<u>Category</u>			<u>Bank</u>	<u>Carrying</u>
	<u>1</u>	<u>2</u>	<u>3</u>	<u>Balance</u>	<u>Amount</u>
Cash and cash equivalent deposits	\$157,520,869	\$ -	\$ -	\$157,520,869	\$154,809,101
Cash on hand					143,335
Certificates of deposit held as investments					<u>(21,434,872)</u>
Total cash and cash equivalents of primary government					<u>\$133,517,564</u>

The categories of credit risk for cash and cash equivalent deposits of component units are as follows:

	<u>Category</u>			<u>Bank</u>	<u>Carrying</u>
	<u>1</u>	<u>2</u>	<u>3</u>	<u>Balance</u>	<u>Amount</u>
Cash and cash equivalent deposits	<u>\$4,249,347</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$4,249,347</u>	<u>\$4,091,921</u>

The City did not experience any losses during the year as a result of insufficient collateral.

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

Note 2. Cash and Investments (continued)

Investments

The City's investments are categorized below to give an indication of the credit risk at June 30, 1999. Category 1 includes investments either insured, registered in the City's name, or held by the City or its agent in the City's name. Category 2 includes investments uninsured and unregistered that are held by the pledging financial institution's trust department or agent in the City's name. Category 3 includes investments uninsured and unregistered that are held by the pledging financial institution's trust department or agent, but not in the City's name.

Governmental Funds, Proprietary Funds, and Expendable Trust Funds:

	Category			Carrying Amount	Fair Value

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

NOTE 4. LONG-TERM DEBT (continued)

In 1986, 1992, 1995, and 1998 the City refunded certain general obligation and sewage facility bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the refunded bonds. Accordingly, the trust account assets and the liabilities for the refunded bonds are not included in the City's financial statements. At June 30, 1999, the liabilities for the bonds refunded in 1986, 1992, 1995, and 1998 were \$17,675,000, \$30,975,000, \$18,800,000, and \$26,715,000, respectively.

General Obligation Bonds - The City periodically issues general obligation bonds for the acquisition and construction of major capital facilities. These bonds are direct obligations and are backed by the full faith and credit of the City. These bonds are generally issued as 15- to 30-year serial bonds. General obligation bonds are summarized by issue as follows:

<u>Issue</u>	<u>Interest Rates</u>	<u>Principal Amount</u>
Street Improvement, Series 1974	5.00%	\$ 60,000
Urban Renewal, 1974 Series B	5.00%	200,000
Parks & Playgrounds Improvement, Series 1974	5.00%	20,000
Municipal Public Improvement, Series 1986	7.10%	50,000

NOTE 4. LONG-TERM DEBT (continued)

Hamilton County Series 1991 - Parking Garage - The City entered into an agreement with Hamilton County for cost sharing with respect to the parking garage for the Hamilton County/City of Chattanooga Courts/Jail complex in the principal amount of \$917,418. Hamilton County issued 15-year serial bonds to cover the cost of construction at rates ranging from 4.5% to 6.5%. Principal and interest payments are due annually to the County beginning 1992 through 2007. The remaining balance at June 30, 1999, is \$486,248.

Tennessee Municipal Bond Fund Loan - Pursuant to a loan agreement with the Tennessee Municipal Bond Fund, the City of Chattanooga is authorized to incur indebtedness up to \$7,908,000 for the purpose of financing certain general government capital projects. The maximum amount authorized by the agreement is being reserved by the Trustee and is disbursed to the City upon request. The loan will be repaid over a 15-year period at variable interest rates beginning 1998 through 2012. The balance at June 30, 1999, is \$4,694,640.

Georgia State Revolving Loan - Pursuant to a loan agreement with the Georgia State Revolving Loan Fund, the City of Chattanooga is authorized to incur indebtedness up to \$7,255,000 for the purpose of financing sewer expansion in Northwest Georgia. The maximum amount authorized by the agreement is being reserved by the Georgia Environmental Facilities Authority and is disbursed to the City upon request. The loan will be repaid over a 20-year period at 4% interest beginning 2000 through 2020. The balance at June 30, 1999, is \$4,246,079.

Enterprise Funds debt at June 30, 1999, consisted of the following:

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

---

NOTE 5. CONSERVATION PROGRAMS

The Electric Power Board is a fiscal intermediary for the Tennessee Valley Authority's conservation programs. As of June 30, 1999, outstanding funds advanced by TVA totaled \$6,336,000 to be used by the Board for customer loans in connection with TVA's insulation and heat pump conservation programs. At June 30, 1999, the outstanding receivables for loans made from these funds amounted to \$6,164,000. A total of approximately \$76,795,000 has been loaned to the Board's customers since the programs were begun in 1977.

NOTE 6. EMPLOYEE RETIREMENT SYSTEMS

The primary government provides retirement benefits through three single employer defined benefit pension plans (General Pension Plan, Firemen's and Policemen's Insurance and Pension Fund, and Electric Power Board Pension Plan). All employees are eligible to participate in one of these retirement benefit plans. The City acts as Trustee for the General Pension Plan and the Firemen's and Policemen's Insurance and Pension Plan, which are included in the accompanying financial statements as pension trust funds. The City does not administer the assets of the Electric Power Board Pension Plan.

The following is a summary of each of these plans:

City of Chattanooga Administered Pension Plans

**Significant Accounting Policies:**

Basis of Accounting

The financial statements of the General Pension Plan and the Firemen's and Policemen's Insurance and Pension Fund are prepared using the accrual basis of accounting. Stand-alone reports are not issued for these plans. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to each plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Method Used to Value Investments

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value.

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

---

Note 6. EMPLOYEE RETIREMENT SYSTEMS (continued)

**Plan Descriptions:**

(1) City of Chattanooga General Pension Plan

The City maintains a single-employer defined benefit pension plan for general City employees. Each participant is required to contribute 2 percent of earnings. The remaining cost of the plan is borne by the City.

The normal retirement benefit is 2 percent of average earnings multiplied by years of credited service up to twenty (20) years plus one percent of average earnings multiplied by years of credited service in excess of twenty (20) years with a maximum annual benefit of 50 percent of average earnings.

The benefits payable to retirees over age 65 are increased annually. The increase is the lesser of the annual increase in the Consumer Price Index (CPI) or 3 percent. These benefit provisions may only be amended by a referendum of City voters.

The normal retirement date is the first day of the month following the participant's attainment of age 62. Benefits are reduced on a pro rata basis for early retirement. However, if the sum of the participant's age and years of credited service is at least eighty-five (85), there shall be no reduction in the immediate early retirement benefit.

(2) Firemen's and Policemen's Insurance and Pension Fund

The City maintains a single-employer defined benefit pension plan for the firemen and policemen employed by the City. The Plan is designed for each plan participant to contribute 8 percent of the lesser of (a) the participant's salary and (b) the base salary paid by the City to regular firemen and policemen in grade of sergeant. The City Charter provides that the City is to contribute not less than 10 percent of the total payroll of the participants in the Plan. The City is currently contributing 12 percent of the total covered payroll of the participants. Increased court costs on all forfeitures of fines or monies or on convictions of violating any City ordinances are recorded as additional contributions to the Plan.

The normal retirement benefit is 60 percent of average earnings, where average earnings are based on the three-year period of service yielding the highest arithmetic average of the top sergeant's salary. For service beyond 25 years, the benefit is increased 2 percent per year not to exceed 70 percent of the top sergeant's salary.

The benefits payable to retirees are increased annually. The increase is the lesser of the annual increase in the Consumer Price Index (CPI) or 3 percent. The increase for persons retiring on or after January 1, 1988, does not begin until the retiree has attained age 55 and completed one year of retirement. These benefit provisions may be amended by City ordinance or a referendum of City voters, depending on the nature of the amendment.

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

NOTE 6. EMPLOYEE RETIREMENT SYSTEMS (continued)

City of Chattanooga Administered Pension Plans (continued)

**Plan Descriptions: (continued)**

(2) Firemen's and Policemen's Insurance and Pension Fund (continued)

The normal retirement date is the first day of the month following the participant's completion of 25 years of credited service. Reduced benefit provisions are available for those participants who have attained age 55 and have completed at least 10 years of credited service. In the event of death or total and permanent disability, participants who are not yet eligible for normal retirement benefits can receive a percentage of their average earnings, based on their years of credited service at the time of death or disability. Benefit provisions are established and amended by the Private Acts of Tennessee.

Current membership in each of these plans was comprised of the following as of June 30, 1999:

<u>Group</u>	<u>General Pension Plan</u>	<u>Firemen's and Policemen's Insurance and Pension Fund</u>
Retirees and beneficiaries currently receiving benefits	588	482
Vested terminated employees	40	3
Active employees	1,497	777
Actuarial update	1-1-98	7-1-98

**Funding Policy and Other Information:**

The Board of Trustees of each plan establishes and may amend the contribution requirements of plan members and the employer. The City contributes to each plan at an actuarially determined rate. The employer's annual pension cost for the current year and related information for each plan is as follows:

	<u>General Pension Plan</u>	<u>Firemen's and Policemen's Insurance and Pension Fund</u>
Contributions rates for employer	3.78%	12.00%
Contribution rates for plan members	2.00%	8.00%

Electric Power Board Pension Plan

**Plan Description and Provision:**

The Electric Power Board's Retirement Plan (the "Plan") is a Single Employer Defined Benefit Pension Plan administered by an individual designated by EPB. The Plan provides retirement benefits to Plan members. Article VII of the Electric Power Board of Chattanooga Retirement Plan assigns the authority to establish and amend benefit provisions to the Electric Power Board.

**Funding Policy:**

Contribution requirements of Plan members and the EPB are established and can be amended by the EPB. The Plan does not require Plan members to make a contribution. The EPB is required to contribute at an actuarially determined rate, the current rate is 5.17% of annual covered payroll.

**Annual Pension Cost and Net Pension Obligation:**

EPB's annual pension cost of the Plan for the current year was \$1,093,000. There is no net pension obligation as EPB has contributed the annual required contribution, adjusted with interest, as calculated by actuarial valuation. The annual required contribution was determined as part of an actuarial valuation performed as of August 1, 1998, using the aggregate cost method. Significant actuarial assumptions used in the valuation included (a) a rate of return on the investment of present and future assets of 8.25% per year compounded annually, (b) projected salary increases of 5.0% per year compounded annually, and (c) no postretirement benefit increases.

**Trend Information:**

	<u>Year Ended</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

NOTE 6. EMPLOYEE RETIREMENT SYSTEMS (continued)

Electric Power Board 401(k) Plan

The Electric Power Board also has a 401(k) plan which permits employees to invest up to 7.5 percent of salary in a tax-deferred savings plan. The Electric Power Board contributes up to 2.5 percent of an employee's salary. The Electric Power Board contributions are fully vested and amounted to \$460,000 in 1999.

Pension Plans of Component Units

CARTA is the only component unit with a separate defined benefit pension plan, and complete pension disclosures are in CARTA's separately-issued financial statements. Actuarially determined employer contribution requirements were met for the year ended June 30, 1999. Condensed disclosures for CARTA's defined benefit pension plan are as follows:

<u>Year Ended</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
6/30/99	\$63,261	438%	\$ -
6/30/98	36,854	715%	-

Postretirement Benefits

The City provides postretirement health and medical benefits for retirees and their dependents in accordance with the applicable City ordinance. Substantially all of the City's employees may become eligible for the benefits if they reach normal retirement age while working for the City. At June 30, 1999, there were 646 employees who had retired and were receiving healthcare benefits. The City is insured for a portion of these benefits. All the associated costs are accounted for in the General Fund. For the year ended June 30, 1999, the City recognized expenditures of approximately \$1,360,000, which was offset by \$377,521 of retiree contributions.

NOTE 7. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

Assets in the plan are recorded at market value but are administered by private corporations under contract with the City. It is the opinion of the City's legal counsel that the City has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The following is a summary of activity in the Plan for the year:

Asset balance at July 1, 1998	\$10,784,362
Deferrals of compensation	816,936
Earnings	1,360,836
Withdrawals	(366,892)
Administrative expenses	<u>(1,323)</u>
Asset balance at June 30, 1999	<u>\$12,593,919</u>

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

---

NOTE 8. COMMITMENTS AND CONTINGENCIES

The City and its component units are parties to various lawsuits and claims in the ordinary course of their operations. Management believes that the potential adverse impact of these proceedings would not be material to the combined financial statements of the City.

The City has received federal and state grants for specific purposes that are subject to review and audit by grantor agencies. Such audits could result in reimbursements to the grantor agencies for expenditures disallowed under the terms of the grants. City management is not aware of any potential losses from such disallowances and believes that reimbursements, if any, would not be material.

NOTE 9. JOINT VENTURE

The Industrial Development Board of Chattanooga, Tennessee, issued Lease Rental Revenue Bonds, Series 1985, dated March 1, 1985, in the amount of \$17,950,000 for the purpose of providing funds to pay the principal and interest on certain bond anticipation notes issued in anticipation of the issuance of the Series 1985 bonds. The proceeds of said bond anticipation notes were used to provide funds for the acquiring, construction, improving, and equipping of certain public building facilities comprised of a trade center and a parking garage owned by Carter Street Corporation, a not-for-profit organization, whose board consists of five members. Two of the members are appointed by the County Executive and two by the Mayor of Chattanooga. The appointment of the fifth member, who serves as chairman, is agreed on by the County Executive and the Mayor.

The City and the County of Hamilton, Tennessee, as tenants in common, have jointly and severally, signed a lease agreement with the Corporation to lease from the Corporation the trade center and parking garage. The total amount of rent payable by the City and County as tenants is designed to fund the debt of the Corporation and a portion of the Corporation's operating expense. The lease shall remain in full force and effect until such time as all Lease Rental Revenue Bonds, issued on behalf of the Corporation, have been fully paid, or provision has been made for such payment. The lease may be terminated prior to such payment if the City or County shall exercise their respective options under the terms of the lease to purchase the project. Upon the repayment of the bonds, the City and County will have equity interests in the Corporation.

While the bonds owed by the Corporation do not constitute an indebtedness of the City or the County, under the terms of the lease the City and County are unconditionally obligated to make rental payments (one-third by the County and two-thirds by the City) to the Corporation which, in the aggregate, will be sufficient to pay principal and interest on the bonds. For the fiscal year ended June 30, 1999, lease payments from the City's General Fund were \$1,432,332.

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

NOTE 9. JOINT VENTURE (continued)

The following is a schedule of future minimum lease payments required from the City under the terms of the lease:

2000	\$1,390,552
2001	1,390,740
2002	1,388,267
2003	1,383,267

Storm Water Fund	General Fund	<u>242</u>
		<u>\$11,529,935</u>

NOTE 13. CONDUIT DEBT OBLIGATIONS

From time to time, the Industrial Development Board of the City of Chattanooga has issued Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of June 30, 1999, 116 series of Industrial Revenue Bonds had been issued. The principal amount of the series issued after July 1, 1995, was \$23,861,403. The aggregate principal amounts payable for the 108 series issued prior to July 1, 1995, could not be determined; however, their original issue amounts totaled \$253,648,700.

Contributed capital, June 30, 1999	<u>\$25,759,861</u>	<u>\$27,872,537</u>

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

---

NOTE 15. LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

The Solid Waste/Sanitation Fund accounts for the operations of the Summit landfill, the City landfill, garbage collection, and recycling. State and federal regulations require the City to place a final cover on all landfills after closure, and the City must perform certain maintenance and monitoring functions for 30 years thereafter. The City closed the first phase of the Summit landfill in 1996 and expects to complete closure of the second phase of the Summit landfill in 2000. The 36th Street landfill was closed in 1992. The City recognizes landfill closure and postclosure care costs based on the amount of the landfill used during the year. The estimated liability for landfill closure and postclosure care costs of \$6,700,372 at June 30, 1999, is based on the use of 100 percent of the capacity of the first and second phases of the Summit landfill, and 3 percent of the capacity of the City landfill. The City will recognize the remaining estimated costs of closure and postclosure care of \$5,519,886 as the remaining capacity is used. The estimated total current cost of the landfill closure and postclosure care of \$12,220,258 is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain the landfills were acquired at June 30, 1999. However, the actual cost of closure and postclosure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations. It is anticipated that future inflation costs will be financed in part from earnings on investments. The remaining portion of anticipated future inflation costs and additional costs that might arise from changes in postclosure requirements may need to be covered by charges to future landfill users, taxpayers, or both.

NOTE 16. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; medical benefits; unemployment compensation; injuries to employees; errors and omissions; and natural disasters. The City retains the risk of loss related to torts, certain retiree medical benefits, unemployment compensation, and injuries to employees. The General Fund accounts for all exposures, except for torts, which are accounted for in the Liability Insurance Fund. To minimize its losses, the City has established a limited risk management program. Premiums are paid by all funds and are available to pay claims, claim reserves, and administrative costs of the program. The premiums are used to reduce the amount of claims expenditures reported in the respective funds. As of June 30, 1999, such interfund premiums did not exceed reimbursable expenditures.

In 1998 the City changed its health insurance coverage for City employees. City employees eligible for medical benefits are fully insured by Blue Cross/Blue Shield of Tennessee.

CITY OF CHATTANOOGA, TENNESSEE

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

NOTE 16. RISK MANAGEMENT (continued)

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). Claim liabilities are calculated considering the effect of inflation, recent claim settlement trends including frequency and amount of pay-outs and other economic and social factors. The liabilities for claims other than tort claims are reported in governmental funds rather than the general long-term debt account group because they are expected to be liquidated with expendable available financial resources.

The Liability Insurance Fund deficit represents unfunded tort liabilities. Interfund premiums are based on the insured funds' claims experience. Premiums are adjusted to cover all reported claims. It is anticipated that the settlement of an individual claim will be funded by premiums subsequent to the filing of the claim and prior to its settlement. Changes in the balances of claims liabilities during the year are as follows:

	General Fund	Liability Insurance Fund
Unpaid claims, June 30, 1997	\$ 560,169	\$1,535,000
Incurred claims (including IBNRs)	9,741,215	764,034
Claim payments	<u>(9,673,746)</u>	<u>(583,784)</u>
Unpaid claims, June 30, 1998	627,638	1,715,250
Incurred claims (including IBNRs)	11,671,622	287,906
Claim payments	<u>(12,001,943)</u>	<u>(290,156)</u>
Unpaid claims, June 30, 1999	<u>\$ 297,317</u>	<u>\$1,713,000</u>

NOTE 17. RESTATEMENT OF PRIOR YEAR'S FINANCIAL STATEMENTS

During 1999, management determined that compensated absences for Municipal Fleet Services should be accounted for in the Internal Service Fund. The compensated absences through June 30, 1998, were \$433,698. Retained Earnings of the Municipal Fleet Services Fund have been restated for the effect of this adjustment.

NOTE 18. ISSUE RELATED TO WATER UTILITY

As of June 30, 1999, the City was engaged in an eminent domain takeover of water company operations from a private operator. Special counsel costs related to the takeover attempt totaled \$388,082 for the year ended June 30, 1999, and were recorded as expenses of the Liability Insurance Fund.

CITY OF CHATTANOOGA, TENNESSEE

REQUIRED SUPPLEMENTAL INFORMATION  
DISCLOSURE RELATED TO THE YEAR 2000 ISSUE  
June 30, 1999

---

The Year 2000 issue is the result of shortcomings in many electronic data processing systems and other electronic equipment that may adversely affect the government's operations as early as fiscal year 1999.

The City of Chattanooga initiated an aggressive new technology direction more than seven years ago that resulted in the Y2K issue being easier to resolve. This technology direction resulted in new hardware, new software maintained by a vendor and realizing that all in-house created databases needed dates stored with complete century. In the past two years all City equipment and machinery was inventoried and investigated for non-compliant computer chips. The non-compliant equipment and machinery has been replaced, repaired, or upgraded. For example, controller chips in some traffic lights were replaced. All Departments of the City of Chattanooga are staying in constant contact with vendors and manufacturers to keep up with any late breaking news on their Y2K readiness.

Because of the unprecedented nature of the Year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the Year 2000 and thereafter. Management cannot assure that the City of Chattanooga is or will be Year 2000 ready, that the City of Chattanooga's remediation efforts will be successful in whole or in part, or that parties with whom the City of Chattanooga does business will be Year 2000 ready.

## GENERAL FUND

The General Fund accounts for all financial resources applicable to the general operations of City government which are not properly accounted for in another fund. Revenues are derived primarily from taxes and intergovernmental revenues.

## SPECIAL REVENUE FUNDS

These are the operating funds which are restricted as to use by the federal or state governments and special purpose funds established by the City Council.

Public Library Fund accounts for revenues and expenditures of the Chattanooga-Hamilton County Bicentennial Library.

Downtown Development Fund accounts for revenues and expenditures associated with improvements to the Downtown area.

Human Services Program Fund accounts for revenues and expenditures associated with various grants and donations for specific programs administered by the City.

Narcotics Program Fund accounts for drug fines and grants received and usage of those monies to further drug education and investigations.

State Street Aid Fund accounts for revenues and expenditures of the City's share of state gasoline taxes. State law requires that gasoline taxes be used to maintain streets.

## CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for the acquisition or construction of capital projects, other than those financed by Enterprise Funds, Internal Service Funds, or Trust Funds. Revenues are derived primarily from the sale of general obligation bonds and notes, loans, intergovernmental revenues, earnings on investments, and contributions.

General Government Capital Projects Fund accounts for revenues and expenditures associated with the acquisition or construction of all capital projects for general governmental activities.

## PROPRIETARY FUNDS

### ENTERPRISE FUNDS

Enterprise Funds are used to account for the operation of self-sustaining agencies rendering services to the general public on a user-charge basis. Activities necessary to provide these services are accounted for in such a manner as to show a profit or loss similar to comparable private enterprises.

Electric Power Board Fund accounts for the cost of providing electric utility service for the residential and commercial concerns of Chattanooga and Hamilton County, Tennessee. The Electric Power Board is a separately administered organization whose Board of Trustees is affirmed by the City. All disbursements of the Electric Power Board funds are approved by the City.

Interceptor Sewer System Fund accounts for sanitary sewer services provided to the residents of the City. Its revenues are derived primarily from user fees and investment earnings.

Solid Waste/Sanitation Fund accounts for the costs associated with the collection and disposal of solid waste and recyclable materials.

Storm Water Fund accounts for costs associated with the City's storm water management program as mandated by the Environmental Protection Agency and the State of Tennessee.

### INTERNAL SERVICE FUNDS

Internal Service Funds are used to provide goods or services to other governmental operating units such as departments, bureaus, and agencies. The costs associated with providing these goods or services are usually recovered from those governmental units that receive benefits.

Municipal Fleet Services Fund accounts for revenues and expenditures associated with the operation of the City's garage and gasoline services. The cost for these services are paid by the departments and agencies of City government.

Liability Insurance Fund accounts for the City's self-insurance programs for liability claims and losses due to liabilities arising under the laws of State and Federal governments. The costs for these programs are funded through premiums paid by the departments and agencies of City government.

## FIDUCIARY FUNDS

### EXPENDABLE TRUST FUNDS

Expendable Trust Funds are used to account for assets held by the City as trustee. These funds are accounted for in the same manner as governmental funds.

Community Development Fund accounts for Community Development Block Grant funds received from the federal government for the purpose of enhancing the economic condition of low-to-moderate income residents of the City.

Home Investment Fund accounts for funds received from the federal government for the purpose of meeting various types of housing needs for low and very low income residents of the City.

Chattanooga High School Medal Fund accounts for revenues and expenditures associated with the award of medals to outstanding high school students at Chattanooga High School. Revenues are derived from interest earned on trust funds established by Mr. Ochs.

Ochs-Oakes Fire and Police Medal Fund accounts for the cost of providing medals to outstanding high school students. Revenues are derived from interest earned on trust funds established by Mr. Ochs and Mr. Oakes.

Ochs-Oakes High School Medal Fund accounts for the cost of providing medals to outstanding high school students. Revenues are derived from interest earned on trust funds established by Mr. Ochs and Mr. Oakes.

### PENSION TRUST FUNDS

Pension Trust Funds account for assets held by the City as trustee. These funds are accounted for in the same manner as business enterprises providing similar services.

General Pension Plan Fund accounts for revenues and expenses associated with the General Pension Plan administered by the City. Revenues are derived primarily from contributions made by the City and employees and earnings on investments.

Firemen's and Policemen's Insurance and Pension Fund accounts for revenues and expenses associated with the administration of the pension plan on behalf of the firemen and policemen employed by the City. Revenues are derived primarily from contributions made by the employer and employees and investment earnings.

## ACCOUNT GROUPS

Account Groups are not funds. They are used to account for fixed assets and long-term debt related to governmental fund types.

General Fixed Asset Account Group is an account where long-lived fixed assets that are not available to finance current operations are recorded. Fixed assets consist of land, buildings, improvements, machinery and equipment, and construction work in progress.

General Long-Term Debt Account Group is an account (not a fund) which provides a place to record long-term debt that will not require the use of current resources.

## DISCRETELY PRESENTED COMPONENT UNITS

Discretely presented component units are entities that are legally separate from the City, but the City is considered to be financially accountable for these entities. These entities are presented in the same manner as Proprietary Funds.

Chattanooga Metropolitan Airport Authority accounts for the operations of the Chattanooga Metropolitan Airport.

Chattanooga Area Regional Transit Authority (CARTA) accounts for the operations of the mass transit system for the Chattanooga Metropolitan Area.

Greater Chattanooga Construction Industry Corporation accounts for the activities performed to maximize the participation of minority, disadvantaged, and women business enterprises in the greater Chattanooga area.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS  
June 30, 1999

---

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal and state awards includes the federal and state grant activity of the City and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations." Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the general-purpose financial statements.

Note 2. Subrecipients

Of the federal expenditures presented in the schedule, the City provided federal awards to subrecipients as follows:

<u>Program Title</u>	<u>Federal CFDA Number</u>	<u>Amount Provided To Subrecipient</u>
Community Development Block Grants/ Entitlement Grants	14.218	\$3,929,725
HOME Investment Partnerships Program	14.239	\$1,958,985
Employment Service	17.207	\$ 196,576
Employment and Training Assistance - Dislocated Workers	17.246	\$1,378,489
Job Training Partnership Act Programs	17.250	\$2,291,822
Welfare-to-Work Grants to States and Localities	17.253	\$ 142,389

Report of Independent Certified Public Accountants on Compliance and on Internal  
Control Over Financial Reporting Based on an Audit of the General-Purpose  
Financial Statements and the Combining and Individual Fund and Account Group  
Financial Statements Performed in Accordance With Government Auditing Standards

To the Honorable Mayor  
and Members of the City Council  
City of Chattanooga, Tennessee

We have audited the general-purpose financial statements and the combining and individual fund and account group financial statements of the City of Chattanooga, Tennessee, as of and for the year ended June 30, 1999, and have issued our report thereon dated September 28, 1999. We did not audit the financial statements of the Electric Power Board of Chattanooga, the Chattanooga Metropolitan Airport Authority, and the Chattanooga Area Regional Transit Authority. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion on those financial statements, insofar as it relates to the amounts included for the Electric Power Board of Chattanooga, the Chattanooga Metropolitan Airport Authority, and the Chattanooga Area Regional Transit Authority, was based solely on the work of other auditors. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

## Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general-purpose financial statements and the combining and individual fund and account group financial statements and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the City's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. The reportable condition is described in the accompanying Schedule of Findings and Questioned Costs as Finding 99-1.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe that the reportable condition described above is not a material weakness. We also noted other matters involving the internal control over financial reporting, which we have reported to management of the City of Chattanooga, Tennessee in a separate letter dated September 28, 1999.

This report is intended solely for the information and use of the Mayor, the City Council, City of Chattanooga, Tennessee's management, federal and state awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Chattanooga, Tennessee  
September 28, 1999

Report of Independent Certified Public Accountants on Compliance  
With Requirements Applicable to Each Major Federal Program and Internal  
Control Over Compliance in Accordance With OMB Circular A-133

To the Honorable Mayor  
and Members of the City Council  
City of Chattanooga, Tennessee

Compliance

We have audited the compliance of the City of Chattanooga, Tennessee, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 1999. We did not audit the compliance of the Electric Power Board of Chattanooga, the Chattanooga Metropolitan Airport Authority, and the Chattanooga Area Regional Transit Authority, whose federal and state financial assistance is \$496,840, \$1,580,297, and \$3,267,578, respectively. The reports of the other auditors on compliance with the requirements applicable to major programs have been furnished to us, and our opinion on compliance with those requirements, insofar as it relates to the amounts included for the Electric Power Board of Chattanooga, the Chattanooga Metropolitan Airport Authority, and the Chattanooga Area Regional Transit Authority, was based solely on the reports of the other auditors. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States and Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City of Chattanooga, Tennessee complied, in all material respects, with requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 1999. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements that are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as Finding 99-2.

#### Internal Control Over Compliance

The management of the City of Chattanooga, Tennessee, is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters and the reports of other auditors did not disclose any matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Mayor, the City Council, City of Chattanooga, Tennessee's management, federal and state awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Chattanooga, Tennessee  
September 28, 1999

CITY OF CHATTANOOGA, TENNESSEE

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 1999

---

SECTION I - SUMMARY OF AUDITOR'S RESULTS

Financial Statements

Type of auditor's report issued: Unqualified

Internal control over financial reporting:

- Material weaknesses identified?  yes  no
- Reportable conditions identified that are not considered to be material weaknesses?  yes  none reported

Noncompliance material to financial statements noted?  yes  no

Federal Awards

Internal control over major programs:

- Material weaknesses identified?  yes  no
- Reportable conditions identified that are not considered to be material weaknesses?  yes  none reported

Type of auditor's report issued on compliance for major programs: Unqualified

Any audit findings disclosed that are required to be reported in accordance with section 510(a) of Circular A-133?  yes  no

CITY OF CHATTANOOGA, TENNESSEE

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 1999

---

Identification of major programs:

<u>CFDA Numbers</u>	<u>Name of Federal Program or Cluster</u>
14.218	U.S. Department of Housing and Urban Development
14.239	Community Development Block Grants/Entitlement Grants HOME Investment Partnerships Program
17.246	U.S. Department of Labor:
17.250	Employment and Training Assistance - Dislocated Workers Job Training Partnership Act Programs
20.106	U.S. Department of Transportation:
20.500	Airport Improvement Program Federal Transit Capital Improvement Grants
93.568	U.S. Department of Health and Human Services:
93.600	Low-Income Home Energy Assistance Head Start

Dollar threshold used to distinguish between type A  
and type B programs: \$805,133

Auditee qualified as low-risk auditee?  yes  no

SECTION II - FINANCIAL STATEMENT FINDINGS

Finding 99-1: Grant Revenue Accrual

Criteria: Generally accepted accounting principles require that accrued revenues be recorded.

Condition: Accrued grant revenues were not recorded at June 30, 1999, for the Head Start grant which is administered by Chattanooga Human Services.

CITY OF CHATTANOOGA, TENNESSEE

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 1999

---

SECTION II - FINANCIAL STATEMENT FINDINGS (continued)

Effect: Without an accrual entry, grant revenues and receivables are understated by \$781,498.

Cause: The condition was caused by a lack of communication between departments as well as inadequate supervision of new personnel regarding year-end closing procedures.

Recommendation: In areas where Federal funds are received, personnel should be aware of proper accrual procedures. Personnel should be informed about cut-off provisions and the need to accrue revenues based on unreimbursed expenditures at year-end.

Management's response:

Department personnel have been informed of the proper procedures for recording accrual of grant revenue. Supervisory review of accounting transactions will be implemented to ensure procedures are adhered to and that employees are cross-trained to ensure continuity in the event of employee absences and/or terminations. Management will also review the existing procedure to strengthen controls and facilitate more accurate and timely reporting of grant revenues and expenditures.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Finding 99-2: Period of Funds Availability

Federal program: CFDA 16.592 Local Law Enforcement Block Grants Program  
Federal agency: U.S. Department of Justice  
Award year: October 1, 1996 to September 30, 1998

Criteria: Federal awards may specify a time period during which the non-Federal entity may use the Federal funds. Where a funding period is specified, a non-Federal entity may charge to the award only costs resulting from obligations incurred during the funding period and any pre-award costs authorized by the Federal awarding agency.

Condition: The City did not obligate or expend funds for the Local Law Enforcement Block Grants Program within the specified grant period.

Questioned costs: \$129,566

Effect: The City is not in compliance with federal regulations regarding period of funds availability.

CITY OF CHATTANOOGA, TENNESSEE

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 1999

---

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (continued)

Finding 99-2: Period of Funds Availability (continued)

Cause: Grant period cut-off provisions were not monitored to ensure that amounts were expended within the grant funding period.

Recommendation: Care must be taken to ensure grant cut-off provisions are followed.

Management's response: Expenses applied against the 1996 Local Law Enforcement Block Grant included an encumbrance/commitment for the purchase of a mobile data terminal system to be used in police vehicles. Due to unavoidable delays by the vendor, the system was not delivered at the expiration of the specified time period. Funds were obligated for this purpose but could not be expensed during the allotted time period. The system has now been delivered. We will monitor commitments against future grants in a manner that ensures the delivery of goods and/or services within the specified grant period.

Notes:

(1) Includes general, special revenue, debt service, and capital projects funds.

(2) This function was part of general government until fiscal year 1991.

(3) Beginning in 1994, pension benefits and social security expenses were allocated to the appropriate departments. Prior to 1994, these items were recorded as a general government expenditure.

Note 1: The property taxes levied on taxable assessed valuation in the City are billed by the City on October 1st of each year and are due without penalty by the last day in February of the following year. For failure to pay the tax bill by the due date, a penalty of 1/2 of 1% and interest of 1/2 of 1% is added on the first of March and each month thereafter until the tax bill is paid. If a tax bill continues to be unpaid through February of the following year, it is then transferred to the Clerk and Master's office by the City treasurer on July 1 of such year for collection. Additional penalties and costs of collection will be added thereafter to tax bills when they are filed in the Chancery Court of the county.

Notes:

- (1) The real property includes commercial and industrial property assessed at 40% and residential and farms assessed at 25% of the estimated actual value.
- (2) Personal property is assessed at 30% of the estimated actual value.
- (3) The Public Utilities assessments are made by the State of Tennessee for all counties and cities in the state. The Electric Power Board (EPB) and the Tennessee Valley Authority (TVA) are not included in these totals.
- (4) The estimated actual property values have not been adjusted for changes in market value. Amounts shown are calculated based on the known relationship between assessed values and actual values disregarding the fact that market value may have changed.
- (5) All assessments and estimated actual values are based on the initial levy and do not include any adjustments.

1999	2.31	2.93	5.24	60,155,010	126,038,952	186,193,962

Notes: Property taxes levied on taxable assessed valuation in the City and County are billed on October 1 of each year and are due without penalty by the last day in February of the following year. The Assessor of Property performed a general reappraisal of property during 1997 which resulted in an increase in assessed values for the 1998 fiscal year. The lower tax rates are the result of such reappraisal along with a further \$.20 reduction in rates by the City Council.
